Respectfully, B. F. BOOTH, Saulsbury, Tenn.,
May 4, 1889.

Il bas cured me of several diseases, such as nervousness, sickness at the atomach, monthly troubles, etc. I have not seen a sick day in years, since I took Hop Bitters. All my neighbors use them.

skillful physicians, but they did not reach the worse part. The lung and heart would fill up every night and distress me, and my throat was vory bad. I told my children I should never die in peace till I had tried Hop Ritters. When I had taken two bottles they helped sae

very much indeed. When I had taken two more bottles I was well. There was a lot of sick folks here who have seen how they cured me, and they used them and were cired and feel as thankful as I do that there is so valuable a medicine made.

Baby Saved.

We are so thankful to say that our nursing baby was permanently cured of a dangerous and protracted constipation and irregularity of the bowels by the use of Hop Bitters by its pursing mother, which at the same time restored her to perfect health and strength.—The Parents, Rochester, N. Y.

GENTS:—Your Hop Bitters have been of great value to me. I was laid up with typhoid iever for ever two months, and could get no relief until I tried your Hop Bitters. To those suffer-ing from debility, or any one in facile health. I cordially recommend them. I. C. Scorgers.

Can You Answer This? Is there a person living who ever saw a case of ague, biliousness, nervousness or neuralgia, or sny disease of the stomach, liver or kidneys that Hop Bitters will not cure?

The boys stood by their mother and said the punishment they received was deserved. Judge Snell remarked on dismissing the case that it was a daugerous thing to allow people to invade the precincts of a home. Children when cruelly treated are not loth to complain. WILL SERVE THE SENTENCE.

West Concludes to Go to the Albany Penitentlary. When the trial of John L. West, indicted on three charges, housebreaking in the night, assault, and assault with intent to commit rape upon Mrs. Mary Irene Page, a clerk in the Interior Department, came on

for trial in the criminal court the assertion was repeatedly made on behalf of the accused that he was both irresponsible and innocent, and the developments would be innocent, and the developments would be such as to compromise the prosecuting witness to some extent. The trial finished, the sensational features promised did not appear. Mrs. Page was not compromised in any manner, but the testimony did show beyond doubt the guilt of West, his unlawful presence in the house of Mrs. Page, and felonious assault upon her. The defense of temporary insanity did not take with the jury, and it was inconsistent with another branch of the defense upon which proof was offered. After his conviction West reasserted his innocence, and when the motion for a new trial was dealed he was given an opportunity to state to the court the reasons why he should not receive a sentence. At that time he claimed that he was not guilty, paid his respects to the district attorney in language more forcible than poite, charged that the prosecution was a persecution, and he, for some reason unknown to himself, compelled to become a victim. Justice MacArthur listened with patience to the harrangue, and finally shut him off by imposing a sentence of six years in the Albany penitentiary at hard labor, to date from March 1. It was the purpose of his counsel, at that time, to carry the case up to the court in general term, with a view of securing a reversal of the judgment, but a change in the programme has taken place. Mr. Daniel E. Cabill, one of the attorneys for the prisoner, appeared in the criminal court yesterday, and at the request of his client withdrew the appeal, the latter having sent a postal that he did not care to press the case further, and after consultation with friends had decided to accept the situation and the sentence. He further stated that as the tuberose, lock of hair, and two letters were his personal property, he would like them returned to him. This request will be compiled with. The appeal was withdrawn, the stay of execution set aside, and an order made directing the sentence to be carried out. It is and to say that West will form one of the next execursion party to the Albany penit such as to compromise the prosecuting next excursion party to the Albany peni-

THE CHRISTIAN WORKERS. Discussing Plans of Operation for

Evangelistic Work. The conference of Christian workers representing all the evangelical churches in the city assembled at the rooms of the Central Union Mission, 930 Pennsylvania ave-nue, last night. Thirty seven churches and fifteen missions and other organizations were represented in the meeting. Rev. S. M. Newman, of the First Congre

Rev. S. M. Newman, of the First Congregational Church, was made temporary chairman, and H. O. Hail, of the Metropolitan M. E. Church, secretary.

Rev. S. H. Greene, of the Calvary Baptist Church, addressed the meeting in regard to the Philadelphia plan of operations for evangelistic work.

Rev. E. D. Bailey presented a plan recommending cottage prayer meetings and out door summer work.

On motion, it was resolved to appoint a central committee and to refer the details of the work to it.

The following committee was appointed to nominate the central committee, as follows: Rev. E. D. Bailey, Rev. Dr. Baldwin, and Rev. S. H. Greene.

The committee retired, and after a conference returned and reported the following as the Committee:

Rev. Dr. Childs, chairman: Prof. O. T. Masson, secretary; J. H. Hitchcock, treasurer. The other members, Rev. S. H. Greene, Rev. Mr. Richards, Rev. Dr. Butler, Rev. S. M. Newman, Rev. F. D. Power, Rev. Dr. Leonard, and Rev. Dr. Rates.

And," continued he, "when the committee appointed by the Senate to investigate the railroads directs what cars and motor shall be used by this road, then will I do as I am directed. My orders shall come from a legislative body." Mr. Hurt said that thirty cars now ran on the Fourteenth street line at intervals of one and a half minutes, and if two-horse cars were put on there would be fewer cars and the same time could not be fawer cars and the same time could not be made. He cited the war on the Brooklyn "bob-tails," which led to suits by passengers being ejected, and the Brooklyn company was sustained by the supreme court of New York.
